

Dear Pastors and Parish Administrators,

Like everything these days the Annual Catholic Men For Christ conference is changing and going fully virtual. Please join us in promoting the first ever St. Louis Virtual CMFC.

While the form of the conference is changing, 2021 won't disappoint in terms of insightful speakers and content! Soon we will be providing the full slate of talks and the overall theme of this year's conferences. In addition to our hand selected talks, participants will have access to over 50 great talks for men, through our conference partner Virtual Catholic Conference.

The diocese is partnering with VCC for their experience in hosting large events like ours. Among the benefits of partnering with VCC is the ability to make the conference free of charge for any who want to participate and the availability to download other talks through their premium registration package.

While COVID restrictions make it impossible to host a large gathering, if your local restrictions and space availability allow at your parish, we encourage you to host a watch party in your parish hall. Each parish can customize your own parish viewing schedule, as the videos will be on demand.

Each parish should designate a parish captain to oversee the efforts. A list of current parish captains and a parish captain sign up form can be found at www.catholicmenforchrist.org along with additional parish resources. Please email questions to brianmiller@archstl.org or brianselsor@archstl.org or call 314-792-7083. Know that we are praying for you during these difficult days,

God Bless,

Brian Miller
Director of Evangelization and Discipleship
